

emerymark

Batch freezer for hard ice cream

A great machine for any great business.. This machine is ideal for a medium to large production needs. It has a production capacity of up to 20 liters in only 8 minutes.

It includes a display with digital controls to facilitate operation of the machine. The operator can control the ice cream hardness and the type of agitation. Our machines also include an alarm feature to indicate that the product is finished.

The product is easily poured out of the machine with out leaving much residual in the interior. The blades in the barrel are generally helical. Engineered to give both the agitator and cylinder a longer life.

High capacity compressor that provides more efficient refrigeration with low energy consumption.

Cylinder with a capacity of 20 liters.

Digital controls with a display for ease of operation.

Easily pours out finished product with out leaving residual.

Equipment

*Measurements
in centimeters

Dimensions

Width 65.3 cm / 25.7"
Depth 98.1 cm / 38.6"
Height 132.8 cm / 52.2"

Cylinders

Quantity 1
Capacity 20 lt.
Production 20 lt./8 min.

Refrigerant

Type 404A

Main Compressor

Quantity 1
Power 4 HP
Consumption 4.81 KW

Agitator

Quantity 1
Power 3 HP
Consumption 2.44 KW

AIR OR WATER

THREE PHASE

Installation

Breaker Size 30 A
Cable Size 10 AWG
Voltage 220 VAC
